## Additional information

A beautiful, fully renovated building with a view of the Latvian National Opera and Old Riga a few minutes away. Each resident of the building has a unique opportunity - to live where there is almost no residential building where you can buy an apartment.

This building at 27 Raina boulevard is one of the buildings designed by the famous architect J.F. Baumanis, which has been reborn in all its splendor after renovation. During the restoration of the building, the historical details designed by the architect have been preserved, combined with a modern, clean, laconic interior in forms and colors.

Living in this building will be a real pleasure for lovers of cultural life and everyone who will appreciate its location and the historical heritage it possesses.

After the restoration of the building, the historic six-story building has turned into a residential five-story, where there are 27 apartments, with an area of 25 - 108 m<sup>2</sup>.

All apartments have a modern, laconic, high-class, full finish.

1. building house always been in an aristocratic place.

In 1920, celebrating the return of latvian poets Rainis and Aspazija to Latvia, it was decided to rename it Rainis boulevard. Aspazijas boulevard is still nearby, symbolizing the life union of two of the greatest Latvian poets.
