Additional information

Property: Land plot "Spīdolas", Mārupe Parish, Mārupe Municipality

Area: 2.96 ha (29,600 m²)

A land plot with high development potential is for sale in Mārupe's industrial zone – only 2 km from Riga International Airport and 7 km from the city center.

According to the draft Mārupe Municipality Spatial Plan (2024–2036), the land is located in:

Industrial development zone (R1) – suitable for logistics, warehousing, production, or light industrial purposes.
(Potential uses: logistics center, warehouse complex, production or light industrial facility, or a combined industrial zone with green recreational areas or landscaping). Part of the land falls within green/open space designation.

Key Information:

- Direct access from a paved municipal road.
- Utilities (electricity, water, sewage, gas) available nearby; not yet connected to the property.
- Flat land with no buildings.
- Encumbrances: gas pipeline, road easement, aviation safety zone.
- Green plot with grass, trees, and shrubs

If you represent a company with development plans or are seeking a strategically located industrial property, please feel free to contact us to arrange a meeting or request further information.
