Nestled among the green forests and meadows of Skujene Parish, Cēsis Municipality, lies a picturesque property **“Mirķi”** – a place where time moves slower, the air is filled with the breath of nature, and every morning begins with birdsong and the scent of dew.

Total area: 13.76 ha

Property composition:

▣ **Fish ponds – 4.26 ha**, already home to fish – the pride of the owner, waiting for careful hands or a peaceful angler’s afternoon.

The **water level can be manually regulated**, allowing you to adjust conditions both for aquaculture and for the beauty of the landscape.

▣ **Agricultural land – 6.05 ha**, fertile and sunlit – ready for new crops or pastures.

Annual **LAD payment for meadow maintenance – EUR 700.00**.

▣ **Cultivated forest – 2.34 ha**, where a walk feels like meditation and each oak seems to tell its own century-old story.

Buildings and structures:

▣ **Residential house, granary, barn and utility building** – all officially commissioned, but **require renovation**.

Built **over 100 years ago**, the buildings breathe history and carry the charm of old Latvian rural architecture.

The house has a **new roof**, and **original wood-burning stoves** have been preserved, still radiating authentic countryside warmth.

▣ **“Mirķi” – the last property at the end of the road.**

Beyond it, **no one lives anymore** – a haven of peace, privacy, and nature’s closeness, untouched by noise or rush.

“Mirķi” is a place where man and nature coexist in harmony – where you can breathe freely, farm, fish, or simply live at your own pace.

▣ **Location:** Skujene Parish, Cēsis Municipality – easily accessible yet far enough from the city bustle to find true tranquility.

▣ If you’re searching for a **home with a soul**, a real countryside estate where everything is already here – land, water, forest and spirit – **“Mirķi” is waiting for you**. Everything is ready – all that’s left is to step in and continue the story.
